Employment history (About 6 years of experience in Computer Science)

Work

Capgemini Space Unit

Since Oct 2000

Senior Solution Developer

Toulouse (France)

Main customers and work locations:

Over 4 years

- ESA/ESOC in Darmstadt (Germany): since June 2004
- Eutelsat partially in Paris (France): Sept 2002-May 2004
- CNES in Toulouse (France): Oct 2000-Aug 2002

Acquired experience:

- *Ground Segments systems:*

Nowadays, support ESOC for the MCM4 deployment in the ESTRACK network and for establishing the MCM4 helpdesk service. Moreover, study a solution for the replacement of the STC2 HMI software library.

Duties involve performing the acceptance of the MCM4 software on behalf of ESA/ESOC. In addition, conducted a code quality review for the MCM4 and TMTCS projects.

For Eutelsat, migrated GSMCS, a M&C system, to Linux, to maintain and to support (technical and functional) the new system during its deployment and first half a year of use.

- *Image Quality systems:*

Before, development of UNIX and Linux Graphical User Interfaces in Tcl/Tk or GTK for Image Quality tools. Worked on different stages of various projects (Specification, Preliminary and Detailed Conceptions, Coding, Single Instruction and Integration Tests, Validation, Acceptance, Maintenance and Evolution). Has acquired skills in the field of Image Quality (SPOT, Polder Satellites, etc.).

- *Linux system engineer:*

Duties involve Linux clients or servers installation and maintenance, including network services (FTP, CVS, firewall, etc.) and backup configuration.

Work & Internship

NÁTTÚRUFRAEÐISTOFNUN ÍSLANDS (Icelandic Institute of Natural History)

Apr 1999-Aug 2000

Database Manager and Developer

Reykjavik (Iceland)

Worked on Ingres and Ms Access to create a database to be used by all the researchers of the institute to save their on-the-fields' experiences. Created a graphical user interface with Visual Basic and based on A.D.O. allowing entering and reading data in a user-friendly way. The software could export data to an external GIS to view the repartition of Icelandic species on maps.

A recommendation letter is available on my web site.

Studies, training and graduation

Since 2000

[Conservatoire National des Arts et Métiers](#) of Toulouse (France)

I.P.S.T. – Evening classes in Computer Science, Conception and Development.

Course credits validated:

- *Modelisation, Optimisation and Complexity of Algorithms*
- *Systems architecture: Functional and hardware computer architectures. Method, programming and real time environment*
- *Computer Systems and Networks: Network architecture and protocols; UNIX system, process management for programming*
- *Artificial Intelligence and Operational Research*

Conception and Development of a Project using Object Oriented methodology (UML)

1997-1999

[University Robert Schuman](#) of Strasbourg (France)

I.U.T. Strasbourg-Sud Computer Science Department

Graduate of the French D.U.T. in 1999

1995-1997

[University Louis Pasteur](#) of Strasbourg (France)

D.E.U.G. Mathematics and Computer Science

Reorientation

1992-1995

[High School Armand Peugeot](#) of Valentigney (France)

High School in Science Speciality Mathematics

Graduate of French Baccalauréat of Science with a speciality in Mathematics with honours in 95

Technical Skills

Systems

Servers: Linux (RedHat, IPCop, Mdk), UNIX (Solaris, HP/UX, DEC)

Workstations: Linux, Windows, DOS.

Network: NTP, Samba, FTP, SNMP, NFS, firewall ([iptables](#))

Others: GNU / Open Source environment, VxWorks.

Languages

C/C++, Tcl/Tk, Prolog, LISP, HTML and CSS, Java, Shell (bash and ksh), Visual Basic, JavaScript, SQL, Caml, Assembly language (x86)

DBMS

Ingres, Oracle, Ms Access

Products

API SLE, GTK+, CVS, tcpdump/ethereal, ArgoUML/Poseidon, cscope, md5, DataViews, MDAC (ADO), Ms Office Pro, ARCview (G.I.S.), ARCserve, GNUPlot, The Gimp, Photoshop...

Methods and associated tools

UML (ArgoUML/Poseidon), Real Time Software Design ([CNAM](#)), Merise (Silverrun)

Languages (Ordered from the best to the least)

French

Native (mother tongue)

English

Fluent. [TOEIC](#) total score: 755 (Sept. 1999). [Primary language at work](#)

Italian

Speaking and reading fluent. Adequate writing. [Training](#): attending an Italian course

German

Basics. [Training](#): attending a German course and living in Germany, which helps to integrate in the German culture quickly

Dutch

Notions

Icelandic

Notions

Interests

Music

Listening and studying (orchestra, duo, trio) ; cello: 5 years ; contrabass: 2 years

Culture

Astronomy (*cosmology, planetology, etc.*), History (*mainly Middle Ages, Antiquity and Prehistory*)

Sports

Hiking (participating and organising), cycling, swimming

Travels

South Africa (1 month), Germany (over 1 year), Iceland (16 months), Italy (2 months), Denmark, The Netherlands, Greenland, Mexico...
